film

Alan Moore's film Watchmen. A superhero film about USA in alternate universe. On opposite of another films of this genre in that the characters are not perfect. They take part in the Vietnam War, in political protests. At this time the government is struggling with superheroes. It's a very difficult to describe this film. the basic idea is a question of choosing the lesser evil. all this in the context of the Cold War

university

I graduated from Shevchenko National University. The faculty of cybernetic. it was an interesting part of my life. but the university program is very old. I liked probability theory and game theory. the department is near the Expocenter of Ukraine.

travel

Last summer i and friends went to a non-tourist port city in Turkey for a month. a city with a 7,000-year history called mercin. Unfortunately, not many people there knew English, so we used a translator. this city is a free economic zone, so everything was very cheap. we went swimming a lot and visited museums.

work

I worked as a barman for a couple of months after school. i also worked as a barman after my 1st and 2nd year university at a family-pizzeria. work was easy. and i ate a lot of fruit while i was working.

hobby

I love music. I went to music school with a guitar. I listen to a lot of music. Mostly rap and hip hop. But my favourite band is Pink Floyd. In general I like music that evokes emotion. I sometimes write my own music
